### TEŞEKKÜRLER...

Kapılar; giriş veya geçiş noktalarında kontrolü sağlayarak insanoğlunun güvenlik ihtiyacını karşılamak amacıyla icat ettiği nesnelere. İlk kapılar düzensiz şekillere sahip taşlardan oluşsa da zamanla insanlığın çeşitli materyalleri işleme kabiliyeti kazanmasıyla; ahşap, demir, bronz ve altından örnekleri ortaya çıkmış ve günümüzdeki formuna kavuşmuştur. Temel işlevi güvenlik ihtiyacını karşılamak olan kapılar, kavram olarak; umut, değişim, yeni başlangıçlar gibi duygularımızı karşılamaktadır.

Bakış olarak 2004 yılından itibaren hazır kapak sektöründe sürdürdüğümüz imalat faaliyetimize kapı sektörünü de ekleyerek bizim için yeni bir sektöre; Türkiye ve Ortadoğu'nun en yüksek üretim kapasiteli, en modern kapı fabrikasının yatırımını gerçekleştirerek adım atmanın onurunu yaşamaktayız. Tecrübemiz, yenilikçi ruhumuz, hizmet ve kalite standartlarında ezberleri bozacak yeniliklerimiz ile sektöre yön vermek için emin adımlarla ilerliyoruz...

Bize inanan, güvenen ve desteklerini bizlerden esirgemeyen tüm dostlarımıza teşekkürlerimizi sunarız...

Many Thanks...

Doors are made of for reach to control passing ways. First doorshave irregular shapes and made of Stones, coming years they are changes into wood, steel, bronze and gold. Their first duty is security. Their concept is hope change and new starts.

Bakış is producing covers since 2004. Now we have started to produce doors. We have honored to made a biggest factory for Turkey and middle east. Thanks to all our supporters, believers.
